Dear FHS Graduating Parents and Guardians,

This year, the school administration has partnered with Rocket, formerly Taylor Printing Group, allowing the opportunity for all graduating parents to order customized graduation yard signs for their Graduate, creating a visual memory in our school zone while celebrating this significant achievement. Rocket has online ordering software that already includes the FHS name, school colors and logo. All you need to do is add your student name, option to include a photo, add a congratulatory message, proof, and pay.

Simply scan the QR code below or go to [www.rocket.ink](http://www.rocket.ink) for more details. Feel free to contact the team at Rocket if you have any questions. On behalf of the FHS staff, we look forward to celebrating your Graduate in the coming weeks.

By placing an order with Rocket, 15% of all sales will be given back to the FHS Graduation Committee.
